c: Nic Cooper will put together another talk on North Egremont for the summer season. Date and time tbd.

2: To continue to advance the MACRIS upgrade the EHC will ask Neil Larson to join us on February 17th at 11am to discuss round two for a continued discussion.

3: The Commission discussed ways that it might engage in a more collegial manner with the Planning Board on the development of Village districts.

4: Discussion of the Congregational Church, the actual ownership of the church, (Congregation or the Society still listed on legal documents), the Fellowship of Churchs, and what can we legally do (little it appears) except encourage people to come on March 5th to hear what they propose.

5: Another update will be given by the Woods on their Indian meeting next month.
