1: Recap on new enlarged format of the annual birthday party. This year, the party was held at the congregational church and hosted all town boards and interested civic groups to promote Egremont. Awards were given by the town to honor those who have served the EHC - Nic Cooper and Gregg Siter, and others. It was reasonably well attended, but it was decided to attract more people on the last week end in August, we should emphasize events that are family or children related.

2: Since the retirement of Nic Cooper and Gregg Siter, we are needing some outreach to encourage others to join. Any ideas or names for consideration should be presented at our next meetings.

3; Discussion of the proliferation of temporary and illegally sized signage was brought up again. Susan Bachelder has raised this issue with the Board of Selectmen for consideration.
