

Service SentinelSM Water Line Maintenance Plans

Protect yourself against unexpected service line repairs for just pennies a day.

DID YOU KNOW? On average, broken water service lines can cost \$2,500 or more to repair. As a homeowner, you are responsible for the repair and maintenance of the water line typically from your property line to your house. Damage can occur from freezing/thawing cycles, shifts in the ground, tree roots, corrosion, etc. Don't delay... sign up for Service Sentinel coverage today and avoid paying for these costly repairs.

What is the Service Sentinel ServiceSM Line Maintenance Plan?

- The Service Sentinel covers any maintenance activity caused by normal breakage or rupture that develops in the customer owned water service line, depending upon your sign-up agreement.
- With the Service SentinelSM maintenance plan there is no deductible. This is not an insurance program.
- The cost of all repairs or replacement of covered parts are paid by Service Sentinel.
- The Service SentinelSM includes all parts, materials, and labor required to repair or replace the following, depending on your sign-up agreement:
 - Water service line
 - Customer main (meter) valve

Simply log onto SENTINELPLANS.COM and click on the sign up/renew icon. Because your town does not have a public sewer system, the sewer line option is not available. Please note we will mail out reminders when your coverage is due for renewal. You can also sign up for coverage through the mail with our application below. If you have any questions, feel free to contact us at (860) 747-1665.
