

## **Minutes – TEEM meeting 22 August 2018**

Egremont Town Hall ó 9:30 AM

Present: EMD McCormick; Chief Schneider; W. Brinker

### **General:**

Minutes of the May 23, 2018 meeting were approved as distributed.

### **Old Business:**

Mount Washington 911 numbering needs to be addressed again.

National grid has online modules for training; summer storms, hurricane readiness and winter storms were discussed as well. National Grid has mentioned in the past that they will come to Fire Departments for training sessions if asked.

### **New Business:**

The TEEM vehicle is in need of serious maintenance; there is no money available for brakes, suspension, etc. Options will be researched and solutions discussed at the next meeting. The EZ Up tents were used over the weekend and it was determined that they should not be loaned out for non-emergency use in the future.

The new EMPG paperwork has arrived; it will be signed by the Select Board Chairman and forwarded to MEMA to begin the process.

### **Miscellaneous:**

The generator at the South Egremont Church tests and runs satisfactorily. The decon units are out of service for the coming week or so as they are out for repairs.

The next TEEM meeting will be on Wednesday September 26, 2018 at 8:00AM. NOTE NEW TIME!  
Meeting adjourned at 10:00AM.

Respectfully submitted,  
W. Brinker
