AGENDA (Continued from June 14, 2023)

1. Revise the vision to incorporate the lenses we discussed last night. These include (not in order) climate change, social and economic diversity, economic opportunity, and historic preservation.
2. Revise and prioritize the goals based on the lenses above.
3. Review the table of goals and actions, modify and prioritize the actions as appropriate. (Note: if you change the goals, they must also be changed here.) You can break some of the actions into smaller pieces.
4. Discuss partners, timelines, and priorities for each of the actions.
5. Review the outline for Chapter 4 and decide on the wording of the section titles to reflect the lenses above.
6. Next steps
